I had the honor of working with doc for many years beginning in the old St. Joe's hospital and until his retirement. The closest working relationship was in the ER and Surgery where Dr. Jewett was at his finest. He had a very keen sense of humor that many people never had the opportunity to experience but it came out especially when he and Dr. Parks were in the operating room together. As a 'greenhorn' it took me awhile to learn his way of practicing which he did in a quiet, methodical way. The most important duty for me as a nurse in the ER was to bring him a cup of coffee whenever he came in to see a patient! Once I got that figured out we got along fine ! Dr. Jewett endured many changes in the healthcare system over his career but he always hung on to the basics of compassion and dignity for his patients. We will all cling to the great memories created by this dedicated physician, loving father and caring human being. Posted by Barbara Hull - centerville, IA - nurse June 29, 2012

To the Doc's Family Our most sincere condolences. When I was young my Mom told me that Medical Doctors should be held in higher esteem than the most of us, because of what they do for society, healing their ills and the general welfare of human beings. After reading Doc's obituary in the Courier this morning, it further solidifies what she told me! Doc was a Man's MAN, he lived life. RIP and may God be with you all! Todd, Kathy and family my thoughts are with you at this time. Dr. Jewett was our family doctor until he retired, he was always ready to listen and help. He also served his country something to be very proud of. I know what you are going through as I have lost both my parents. No words can help only know that time heals and you still have the good memories. Posted by Mona Berry June 24, 2012

Doc provided such good care for our mom, which continued with Kathy after he retired. This is Especially for Kathy and Dale as we were classmates, band mates, choir mates and sports mates in high school. May you find comfort, and even laughter, through shared memories. May your path of sorrow be unburdened through support of others. May you know that you are not alone. And, may you always, all ways feel your father's warmth and care. My sincere condolences to all that love & will miss him. He was many things to so many people, his absence will leave a void difficult for loved ones to fill. I was privileged to have known & worked with him. The gentle care & respect he gave my mother was wonderful. The tireless service he gave to a small community when his talent could have seen him to loftier goals is such a legacy. I have so many memories. Dr. Jewett and Dr. Parks gave me my start in the medical field. I was scared to death of Dr. Jewett he always seemed to gruff . . . it was an act and I learned that after working with him for awhile. Spenser who is almost 18 years old was one of the last 2 babies Doc delivered. His plan was to stop delivering as of September 1, 1994 and I begged him to stay with me as Spenser was born on the 19th. When he delivered Shelby I remember him telling me that she was a boy . . . a red headed boy the whole time I was pregnant. She was born and of course she was a blond headed girl . . . he said, see I told you it was a blonde headed girl . . . when I looked at him he said well you can always fix the one with a can of red spray paint . . . nice! Shelby fell in love with him, in fact instead of being scared to the doctor she wanted to go every day . . . she would make googly eyes at him from the exam table and tell him she loved him. One day she jumped off the exam table and ran across the room and wrapped her whole body around one of his legs and squeezed him say I love you Dr. Jewett! . . . how embarassing. You were a great man and I am so glad I had the opportunity to work with you and even more glad that you delivered both of my babies. I know you will be truly missed.
