Terri was one of the most loving, careing, and fun people out there. She never judged people on what others would say. When Roy and I got together I met Terri. They would talk and laugh about all the fun they had together. He would always say that she was a wonderful, fun person and cousin. We would get together and have so much fun. You couldn't be in a bad mood around Terri, she would always make you laugh. Terri was very special to us. She was also very talented. She wrote and sang a song at our wedding, it ment so much to us and is a cherrished memory that we will never forget. Terri was one of those people out there that you just couldn't help but to love. She will always be in our hearts and memories.

Amanda, Jess and families, We are so heartbroken over your loss of your sweet and beautiful momma. Terri has always been so kindhearted and accepting of others and generous in her love of family, friends and whomever needed it. I think it is safe to say that it is easy to tell just where her family gets their warmth, kindness, caring for others and good nature as well her fun personality. Our prayers for peace, strength and comfort are with you all. Keep your memories alive by sharing them and lean on each other, friends and family for comfort when you feel yourselves faltering. Know that Terri is no longer suffering and in pain but watching over all of you, her family, and beaming with love for all of you. Love you. (((Hugs))) thoughts and prayers for you All. Amanda and Jess I'm so sorry for your loss. I got to know her when we worked at Pella Corp many years ago. She was so much fun to be with always so happy and always there to help a person out in anyway she could. So many good memories of her and her laughter and hard work in that factory and when I would see her at Walmart she just never changed, always had that smile and would take time to talk and yes it would be about our kids and grandkids then the good old days. I'm very thankful I had the chance to know her and work with her. God gave another angel her wings and she is watching over you with a smile. God bless you all and your families Sandy Garrison

Since the day I saw you, since the day we met, I knew this I wouldn't forget. I have loved you more than life itself, now it seems were falling apart. This thing that just won't go away, was more then you could take. But I'll hold on tight past the very end... No matter how much it hurt, I sat and watched you get worse. I held your hand all through the night, never to let go. I wake up, and you were no longer here, I'm haunted by these memories of you and me, as a tear falls down my face I remember... You will be here holding my hand all through the night like I did yours, but most of all... you will always be in my heart. WE love you Terry..Deb Meyerhearts,Preston Fordhearts,Gary Ford

She was one of the nicest people I had the joy of training for the service desk...she always had a kind word for everyone. Terri will be missed by all who had the honor to call her a friend. Terri and I worked at Pella Corp. for years and became very good friends. We had so many fun times together during work.....her laugh was contagious. Her smile lit up everyones day. She was everyones mama and I know my life was so blessed knowing her. She will be so missed by so many but to know she knew the Lord and is now cancer free and walking the streets of gold we can only pray that it comes to all who loved her as a small comfort. She loved talking about her girls. Her heart she wore on her sleeve. She was a hard worker at Pella Corp. and one of the best who ever walked through those doors. Although we will all grieve her absence here on Earth we know there are no tears in Heaven and she will be sharing many memories with a couple of her close friends that were holding a special place for her. Amanda and Jessica, we love you guys and you and your family are in our thoughts and prayers in the coming days. May you feel God's arms around you during this time.
