Nothing prepares you for losing someone in your life. Rather a friend since childhood or a friend you just made, nothing prepares you. Even if u didnt talk every day or you did. Thousands of memories from childhood to adulthood. Some of the best days were spent just laughing and biking around town, hanging out to more recent days and laughing at the good old days! The good, the bad, the ugly, weve been through it all. Today is tragic and yet i will hold onto all the memories we share and hold them close. You will be missed Alice Coffman RIP my friend love you always
