Q: What will you never forget about Charolette? A: Charolette was my mother! She taught me many many things! Cooking, about going fishing with her husband even when she didn't want to because sometimes you do what you don't want to do, she taught me being loyal to friends and I loved her very much! We didn't know we see eye to eye on things with that did not mean that we didn't love each other! There are so many great memories from my childhood because her and my father even though they didn't have a lot of money they made sure that we got to see things different sites different states that we got to enjoy new things, adventures! We had a great time as kids going to the lake with my mom's fried chicken for our picnic where we learned that it doesn't cost a lot of money to have a good time with your family! I love and miss her still to this day! Her daughter, Shelley Edwards Leo
