Our condolences to her entire family! I always admired her "back bone"! No matter what, she stood up! I hadn't been in Moravia very long when one evening at a basketball game, she approached me, introduced herself! She said one of our school board members, I believe James Wilson, was moving out of his "district"! She said would you be willing to run for his seat? I shook her hand and said, I would love to run, and I really appreciate you thinking of me, however, I can lose enough business on my own without being on the board. We both had a good laugh! MAY SHE REST IN PEACE!
