My mom was a good mom. We had so many good times together, fishing, trips to michigan, ( to the mall),vegas with granny and pa, trips with my dad to due to his work, trips to California and florida,now that's one I will never forget! Mom loved spending time with family and we had so many good times and Christmas 'with the Cox's and thanksgivings with the Doll family. Mom worked hard at everything she did and she always keep a beautiful home and flowers. Mom really loved her grandkids and spent time with them as much as possible. She loved us with all her heart and always did so much for us from sports with my brother and dancing with me. She carried that on with her grandkid as well. I'm so glad my brother and I could be with her together on the day she left us. It meant a lot to have him there with me. I will miss her so much and my heart is broken. I will keep our memories in my mind and in my heart and never forget the times we shared together. I love you mom!!

My heart goes out to Chris and Cammie and their families at this time. It is so hard to lose your mother and grandmother. Just keep your memories close and she will always be with you. I will always remember meeting my sister-in-law, Nancy, for the first time. It was at the Moulton-Udell School for a play or something. I was young enough that I sat on her lap. I will always cherish the years and memories that we were able to spend together. I will miss her ☐☐ Elaine Cox Harmon
